2020 Veteran Car Donations Annual Scholarship

March 20, 2020

With an increasingly complex and demanding world, successful solutions to our nation's (and our world's) problems require a solid education. As a leader in nonprofit fundraising, Veteran Car Donations sees, up close, the many issues facing today's society.

What better way to help combat these problems than to help pave the way for tomorrow's leaders?

To put our money where our mouth is, we are announcing the 2020 Veteran Car Donations Annual College Scholarship – supporting students pursuing STEM-related degrees.

According to the Department of Education, STEM fields of study include computer sciences, engineering, mathematics, natural sciences (including physical, biological, and agricultural sciences), and related fields. Related fields involve research, innovation, and/or the development of new technologies using the aforementioned fields of study.

Veteran Car Donations will award the selected student applicant \$1,000 to be used toward his or her degree. In addition, Veteran Car Donations will award a \$250 textbook scholarship to the two runners-up.
